The recommended format to use in submitting names and addresses of applicants for each position is as follows:

Labels:
- Name
- Street Address
- City, State, Zip Code

Please note: Applicants usually prefer receiving EEO correspondence at their home address as many of them do not wish to have their current employer aware that they may have applied for another position elsewhere.

Sending labels of additional names on a weekly basis, or as sufficient applications are received would be helpful. Responses to some of the EEO data forms must have been received by the EEO office before your final applicant pool can be approved. Do not wait to send in names and addresses until all applications are received and you are ready to begin interviewing.

6. The recommended format to use for having your applicant pool is as follows:

Please approve the applicant pool for position EEO No. ______

List names only of all applicants and send to EEO Officer.

Important Points About UL Lafayette Computing and Network Use

UL Lafayette provides you with computer and network access to facilitate your personal work and/or study responsibilities at UL Lafayette. Personal wealth and activities may be acceptable, if they do not consume resources required for critical use or otherwise interfere with such use.

- Use for personal profit or to operate a business is not acceptable and may be grounds for loss of computing privileges.
- Use on behalf of an organization, even a nonprofit one, is only acceptable if prior approval is obtained in writing from the UL Lafayette administration.
- Never allow someone else to use your account! You are responsible for usage done under your access code issued to you. Keep your password secret!
- Use of anyone else's account, or otherwise electronically impersonating another is unacceptable and may be grounds for loss of computing privileges for either or both accounts.
- Use of computer or network facilities to interfere with, disrupt, or harm other computer users, networks, or UL Lafayette or any university sites connected to the world, is unacceptable and may be grounds for loss of computing privileges.
- The University is co-owner of any files you create. A system administrator may inspect your (or co-workers') system privileges. Anyone who responds or investigates your computing activities will also have access to inspect your files.
- You may be billed for inappropriate use, deliberately wasteful or destructive use of resources, and for staff time required to investigate and resolve problems resulting from inappropriate use.

I am requesting this computing account for my own use and will be responsible for all computing activities done on this account. I am responsible for knowing UL Lafayette policies governing the use of computing facilities and networks. I understand that my computer use is also subject to all applicable local and federal laws.
