
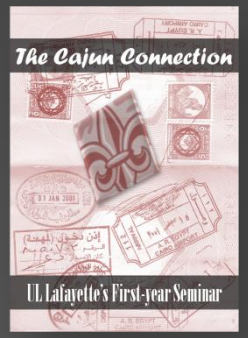
- What are some examples of active learning?

4 Examples of Active Learning in the First-Year Seminar

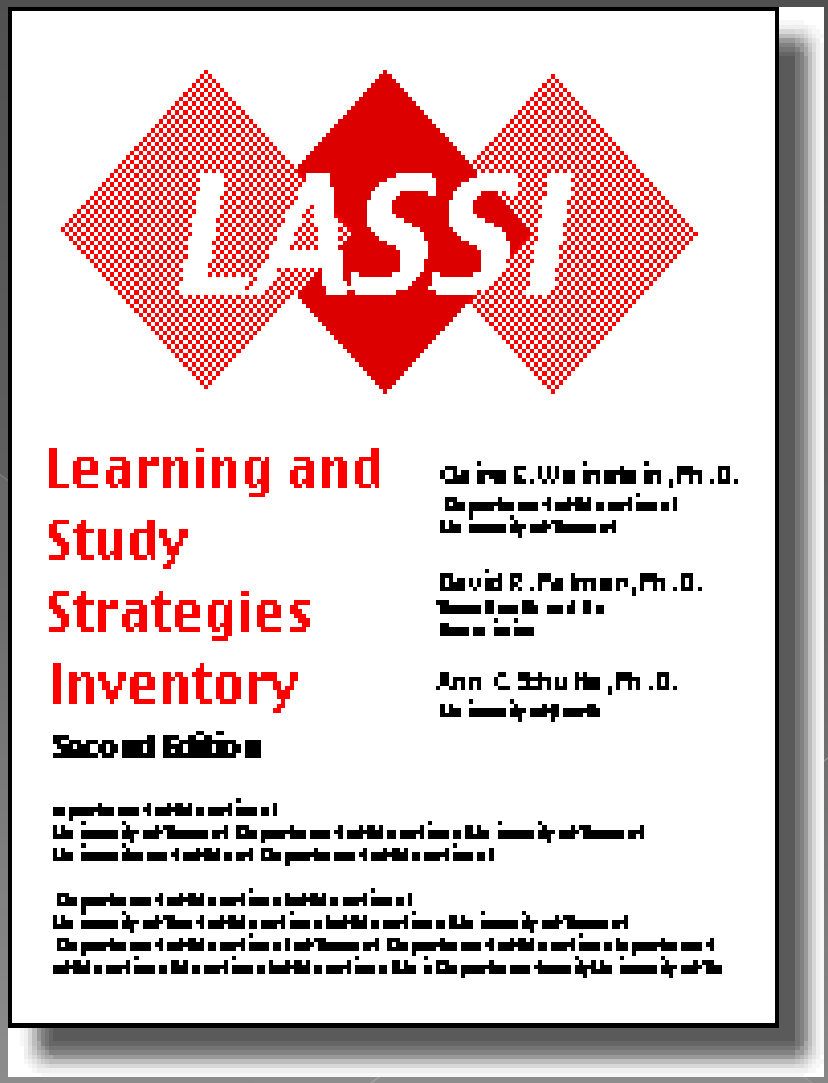


- Community Service
- Learning Styles and Study Strategies Inventory (LASSI)
- Cash Course
- Career Planning (Focus 2)

Community service day for the seminar students

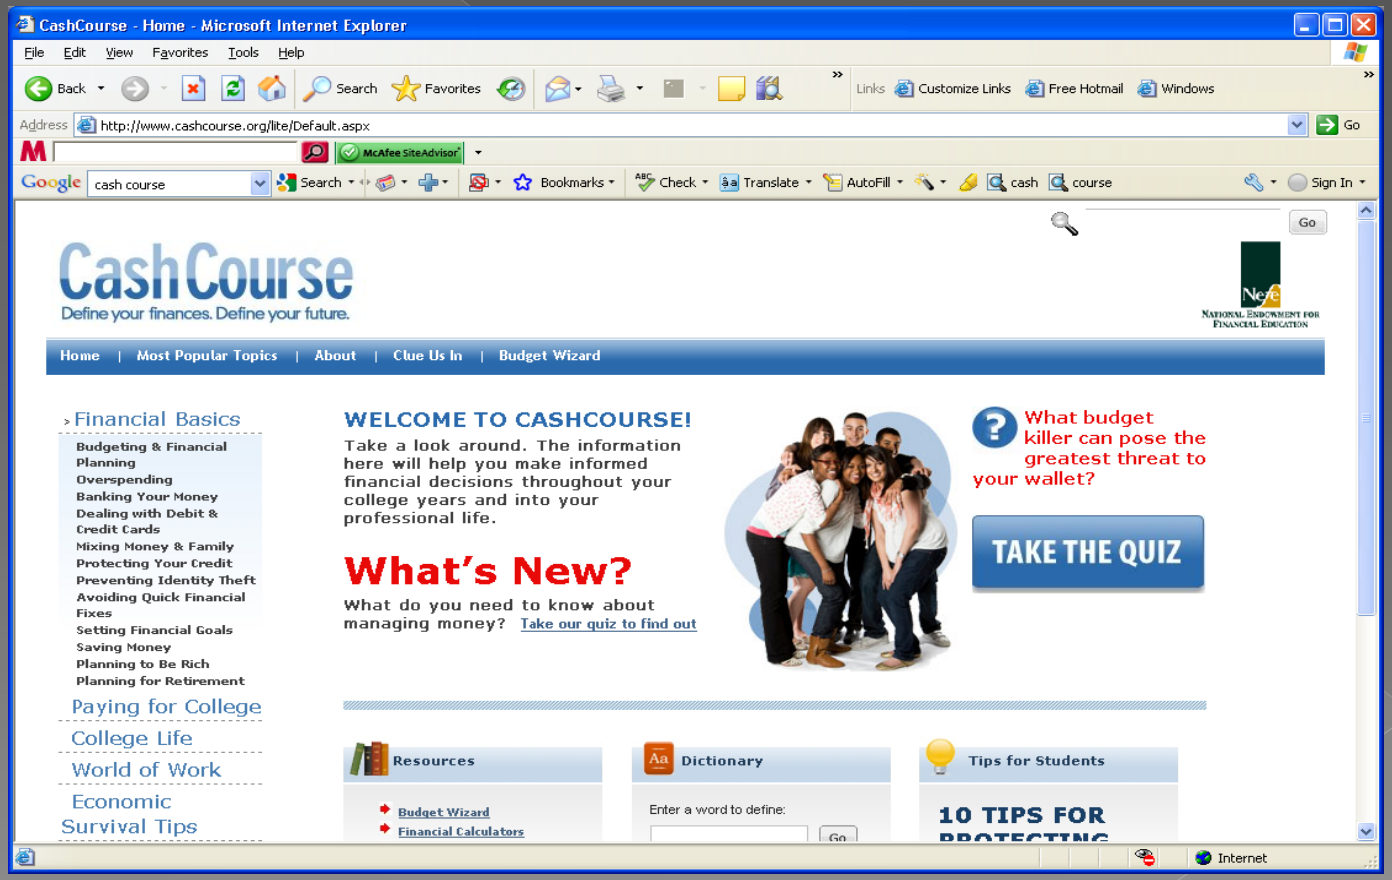
Learning Styles and Study Strategies (LASSI)

- LASSI is a 10-scale, 80-item assessment taken online.
- It is diagnostic and prescriptive.



Cash Course for Budgeting

- Cash Course provides free online financial education for college students.



- Focus-2 is an online, self-guided program that will be introduced to students on the first day of their career classes.
- Focus-2 will help students explore and make decisions about their career goals and major areas of study.
- Students will attend three classes where they will have hands-on experience in the use and value of Focus-2 throughout their years in college.
